

ALEXANDRIA.

WEDNESDAY EVENING, OCTOBER 2.

The New York Journal of Commerce, referring to the opinion expressed in some Southern journals, that a long-looked-for reaction in the public mind of the North has commenced, says that its truthfulness depends upon the abstinence of the Southern people "from any course of action or use of language that can day night, and the safe blown open and robbed give ground of suspicion in regard to the genuineness of their professions of loyalty, or that is capable of being perverted or misconstrued by reckless demagogues for purposes of mis-

At one of the Radical ward meetings held in Richmond, on Monday night, the President of the meeting, after a vain attempt to keep order, and a motion to adjourn, got up and said: "If you all intend to make jackasses of yourselves in this meeting, I am not the man to do it; if you want the question I'll put it." He put it, and the motion to adjourn was carried by an overwhelming majority, and the meeting broke up with shouts of derisive laughter!

The Charleston Mercury gives a list of what it calls "the tyrannical acts," of Gen. Sickles while in command of the Military District of which South Carolina is a part. It also says that Gov. Orr's recent letter to Gen. S. does not represent the feelings and opinions of the white people of South Carolina. Certainly, if the statements of the Mercury are correct there is no reason why "the white people" of that -18 State should not rejoice at the removal of Gen. of Sickles, H WIN AN MI ban and

The Richmond Whig remarks that it is not correct "that to ratify the Constitution which -0 may be formed by the proposed State Convenbetion, requires an affirmative vote by a majority of all the persons registered. The law only reo quires that a majority of those registered shall vote on the question of ratification, whether pro or con."

It is said that Norfolk is increasing in business and population—that trade there is reviving-and a very noticeble progress made in a al recovery from the prostration of the war. Norfolk is a city having great advantages for commerce, and we rejoice to hear of its brightening prospects.

It is argued in the National Intelligencer that the experience of the last few months has enjoined the necessity of some modifications of - the present national bank system.

The approaching Catholic Council at Rome, is attracting much attention. It will, probably, not be held as soon as some have thought.

The New York Mail says that Barnum's gorilla is nothing but a dog nosed baboon.

Mr. James M. Mason, formerly of this State,

is residing at Toronto, Canada. FOREIGN NEWS.—The Pan-Anglican Synod

in London has issued an address comdemning ritualism, and urging the unity of the Church. General Garibaldi refuses to give his parole to the Italian Government.

It is reported that Napoleon has addressed a note to the sovereigns of the South German States, in which, after calmly discussing the last circular of the Prussian Cabinet, urging German unity, he asks them to pledge themselves not to pass the Maine and merge their countries in the new confederation of the North. The mail steamer from Rio Janeiro brings

the following news: The land and naval forces of the allied powers had bombarded the Paraguayan positions at Curupaity and Humaita; but with what success was not known, as the accounts are so conflicting. FROM "ALASKA."-The steamer Sierra

Nevada brings advices from Alaska, via Victoria, to August 20. The U.S. exploring and surveying expedition, which had arrived on the Lincoln, would soon start from Sitka for Oonalaska. They had been detained by the raio, fog, and wind. Business was active at New Archangel. Building lots have advanced several hundred dollars, and there have been some jumping of claims. Some coin is in cir culation, but the leather money predominates. The Copper river country is reported by the Indians and Russians to be rich in gold, copper, and coal, but the savages are very hostile and warlike. The weather at New Archangel is much praised. All kinds of common vegetables are raised, and many berries. Salmon and other fish are very plenty. Deer sells at eighty cents each. The Russians, Finns, and Germans are very glad to be annexed to the

THE COAL TRADE. -Orders for choice coal are coming in freely, and in some instances a small advance has been realized, while inferior continues a drug upon the market. Those who are supplying themselves now for the winter, buy none but the cleanest and best quality, knowning it to be the cheapest, as the and badly prepared coal is a greater item than of the act of March 2, 1867, which authoizes the difference in the price, to say nothing of and directs the Secretary to issue such certifiprevious, and that that has heretofore suffered ent, but the law gives him no discretion in the in consequence of bad management at the mines is beginning to rank with the best and . most popular; the difference in preparation far exceeds the difference in quality, which fact is

well known. The Scranton coal sale on Wednesday last, shows some improvement upon the previous sale.

Lump and steamer declined from 15c. to 20c. per ton, while the rest of the sizes show an advance; stove abut 25c. per ton. This indicates a firmer and better feeling in the New York market, and that stocks have been pretty well reduced. Coastwise freights remain unchanged, and

vessels continue in good supply. Prices of coal we quote as heretotore: \$4. 5 90 to \$5 for broad top; \$8 for gas coal; and anthracite for eastern shipment, \$4 to \$4.25 for white ash, and \$4.25 to \$4.50 for red ash, as to quality, on board of vessel. -Phil. North American 28th ult.

As soon as quiet was restored he kindly thanked them for the very flattering reception, &c., &c. The members then sung "John Brown's March," much to the "gratification of the General." He has left for Brooklyn, where the Common Council has refused to give him a reception, but his political friends will welcome him.

The Croton National Bank, at New York, was closed yesterday by the Government examiner for not redeeming its circulating notes in lawful money on demand. The capital was \$200,000, a part of which appears to have been lost. The circulation (\$180,000) is, of will be paid eventually.

A Correction. - A few days ago we copied as a news item from one of the Maryland county papers a statement that Col. Wm. P. Maulsby, recently a member of the Constitutional Convention of that State, has been taken to the Insane Asylum, on account of insanity. produced by the recent death of his wife. We have received several letters from reliable parties, stating that the report is utterly without foundation, and a pure fabrication, intended to njure the prospects of the election of Col. Maulsby to the bench of the Circuit Court, comprising Montgomery and Frederick counties in which he is a tower of strength to the Conservative party.—Nat. Int.

MILITARY VS. CIVIL. -On Thursday, by or der of General Schofield, J. Horner was re leased from jail at Spotsylvania Court House, where he was awaiting a second trial for horse stealing. He is an ex-Federal soldier and was accused in August last of stealing a horse from his father-in-law, one of the Polish settlers, was found guilty by a jury, but a new trial was granted by the Court of Magistrates, and be was remanded to jail. General Schofield's order declares all the proceedings of this civil tribunal null and void, and a Lieutenant was ordered to see this order of release executed. -Horner came to town Thursday with this order in his pocket. - Fredericksburg Herald.

GERMAN ACTORS.—The celebrated German tragedienne, Fanny Janauschek with her troupe, arrived in New York by the steamer America on Saturday. The New York Post says: "The representations will be given in the Academy of Music, and will begin with 'Medea." We shall now have the opportunity of witnessing the rendering of the best German tragedies by an actress who, in her own coun try has no superior, and who has won renown in Russia, Austria, and other foreign lands. It will be a rare treat to be able to compare the acting of two such celebrities as Ristori and Janauschek."

RAILROAD MATTERS.-We published yesterday an article from the Washington Chronicle, in relation to the proposed branch of the A., L. & H. R. R. to Washington city. We copy the following on the same subject from the National Intelligencer:

"Having repeatedly -urged the people of Georgetown, to take steps for the extension of a branch of the Loudoun and Hampshire rail way to that city, we have nothing to add now except that if the course of the creek r ming into the Potomac near the Little Falls from the neighborhood of Vienna were to be selected as the route of the proposed branch road, the summer travel to and from the Little Falls would make it a paying stock. This consideration probably enters largely into the views of those who are now moving in the enterprise referred to. We would say to them, in the beginning, that authority for such construction (unless already existing in some form) would have to come both from the Maryland Legislature and that of Virginia. In the latter, Mr. Garrett, who would certainly oppose this project upon the ground of menace to the course, secured. It is thought the depositors interests of the Baltimore and Ohio railroad, is stronger than in the former. He is using the vast accommodations of the war to bring the railroads of the Valley of Virginia into connection with and subordination to the Baltimore and Ohio railroad. Therefore, the proposition of the Chronisle to extend the Loudoun and Hampshire railway, from Leesburg westward, through Snickers' Gap to Winchester, would be regarded as competing for the Valley trade. Then, again, there would be danger in the probable estimate of Mr. Garrett, that a short road might be extended from Leesburg to some point on the main stem of the Baltimore and Ohio railroad, where there are connections with railways running north into Pennsylvania. Whether Mr. Garrett has control over the affairs of the Loudoun and Hampshire railroad, as he seems to have practically over the Virginia roads south of Washington, and also in the Valley, is more than we know. It is the hostility of the Baltimore and Ohio railroad monopoly that by obvious acts has thus far prevented the extension of a railway hence to the Point of Rocks.

ALEXANDRIA CANAL AQUEDUCT .- In the Georgetown Common Council, on Monday, "a resolution was received from the Board of Aldermen appropriating \$5,000 if the Criminal Court decide the Aqueduct a nuisance, and \$5,000 additional if the matter be carried to a successful issue before the U.S. Supreme Court. The passage of the resolution was advocated by Messrs. Cragin and Davis, and opposed by Mr. Clabaugh. It was finally passed.
